

SEYMOUR DAILY REPUBLICAN.

VOLUME XXVII. NO. 41

SEYMOUR, INDIANA, SATURDAY JANUARY 13, 1902

PRICE TWO CENTS

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste, and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

DEATH AND RUIN

Followed In Wake of An Earthquake In City of Chilpancingo.

THREE HUNDRED KILLED

Capital of the State of Guerrero Is Laid Practically In Ruins By Great Seismic Disturbance.

Among the Buildings Wrecked Was the Parish Church In Which Many Were Worshipping.

Mexico City, Jan. 13.—One of the most terrible catastrophes in the history of the state of Guerrero is reported to have occurred late Thursday afternoon, when an extremely violent earthquake shock was felt at Chilpancingo, causing a great loss of life and injuring many persons. Details from the stricken district are very meager, but scattering reports received here indicate that probably 300 persons were killed and as many more injured. It is known that the state capital, the parish church and many business houses and residences are in ruins, and there is much suffering as a result of the awful seismic disturbance. One of the edifices that suffered most was the federal telegraph office, which explains the paucity of news that has so far reached this city. Meager details finally began to arrive here. The telegraph lines and apparatus at Chilpancingo were badly damaged, but the employees, all of whom were uninjured, quickly proceeded to erect an improvised telegraph office on the outskirts of the city.

The number of deaths was greater in the parish church than in any single place, as a crowd of worshippers were gathered there for the afternoon service. The solid masonry-walled roof came toppling down on the worshippers and several people were killed.

The war department has ordered troops in the neighborhood to co-operate in the work of rescue. Until this work is completed it will be impossible to accurately learn the number of victims. It is believed, however, that this is one of the most destructive seismic phenomena that has occurred in Mexico. The greater part of the population of Chilpancingo are now camping out under tents around the town, which is five days' journey from the national capital.

Earthquake shocks were felt in many other cities and towns. In Mexico City the earthquake took place at 5:17 o'clock Thursday afternoon and was of such violence as to shake the most substantial buildings. The Pan-American congress was in session at the time and many of the delegates were greatly alarmed. The first movement here was one of trepidation and was very sharp. It was followed by an easier oscillatory movement north-northeast to south-southwest. The duration was 55 seconds. The damage in this city was only slight.

The state of Guerrero has always been the focus of seismic disturbances. Reports received here state that the shock was very severe at Chilpancingo. No casualties are so far reported from there. The duration of the Chilpancingo shock was less than that in Mexico City, having lasted 59 seconds.

MORE FUEL ADDED

German Duelling Controversy Has New Subject for Discussion.

Berlin, Jan. 13.—Fresh material for the duelling controversy has been afforded by the Von Bennigsen-Falkenhagen meeting in Emperor William's hunting park at Springe, near Hannover, Thursday, in which Von Bennigsen, the local governor of Springe, was probably fatally wounded by Falkenhagen, who is a large lessee of crown lands. The affair had reference to the wife of Governor Von Bennigsen. Several gentlemen of high position in the town of Springe, having decided at the club that the governor ought to be informed of the gossip concerning his wife, in which they considered there was ample grounds for a duel, presented the matter to Von Bennigsen, who challenged Falkenhagen. A meeting was arranged and Falkenhagen fired at the count of "one." Von Bennigsen fell without firing once at his adversary. The governor's aged father, Rudolph Von Bennigsen, one of the founders of the national Liberal party and long noted as a leader in the reichstag, arrived on the field soon after, accompanied by his second son, who is the governor of German New Guinea, and bore the wounded man away.

MURDER AND SUICIDE.

Coffeen, Ills., Jan. 13.—Fred Brockman, aged 20, and Miss Gertrude Rifford, both members of prominent families, started out for an evening drive. Late at night the horse and buggy stopped at a lively stable. There was no driver. The body of the young woman was lying in the buggy, a bullet hole in the temple showing the cause of death. Young Brockman was in the buggy unconscious, having shot himself twice in the head. He was aroused sufficiently to admit his deed, but would give no explanation. It is believed jealousy prompted the crime. Physicians say Brockman, who is under arrest, cannot recover.

AGREEMENT REACHED

Chili At Last Comes Into the Fold and All Is Well.

Mexico City, Jan. 13.—The atmosphere of the Pan-American conference was suddenly cleared yesterday, and in the midst of excellent feeling on all sides, both the plan of compulsory arbitration and The Hague agreement passed through the conference. W. I. Buchanan of the United States delegation afforded a means whereby in spite of previous discussion both Ecuador and Chili might adhere to The Hague convention, proposing that the minutes of the last two sessions showing the feelings of Chili with regard to arbitration should form part (as annexes) of the protocol whereby the nations represented at the conference express their acceptance of The Hague convention.

Cordial relations between the Chilians and the Mexicans have been restored and the Walker Martinez incident has been closed satisfactorily to all concerned. Now that the arbitration question has been disposed of the conference will hasten the work that is still before it and will be able to close its session in one week or ten days.

The Peruvian delegates express themselves as in general satisfied with the solution of the arbitration difficulty. It is claimed that the Peruvians and their allies have won a great diplomatic victory by obtaining admittance into the conference of their compulsory plan.

THE STORY DENIED

St. Louis Exposition Will Go Off According to Date.

Washington, Jan. 13.—Ex-Governor Francis makes the following statement regarding reports that the Louisiana Purchase exposition would be postponed from 1903 to 1904: "I was much surprised to learn that a statement had been printed to the effect that I had virtually admitted that the fair would be postponed from 1903 to 1904. I have never advocated nor contemplated such action. On behalf of the local company I desire to say that it can be ready for the exposition in 1903 and will be ready. When some newspaper man asked me if the fair would be postponed and I made a negative reply I was asked if we could not prepare a better fair in 1904 than in 1903. I replied 'Yes, and so can we prepare a better fair for 1904 than for 1903.' I cannot say why this statement should be construed as an admission that the Louisiana Purchase exposition would be postponed from the date fixed by congress and announced by the president in his proclamation inviting foreign countries to participate."

IT WAS NO CONTEST.

Philadelphia, Jan. 13.—Tom Sharkey and Peter Maher, who were heralded to fight six rounds before the Industrial Athletic club for the championship of Ireland at the Industrial hall last night, were stopped by Referee Rocap in the middle of the third round in one of the poorest exhibitions ever given in this city. The men had been arrested early in the evening and bound over in \$5,000 bail to keep the peace, and this apparently reduced the steam of their blows.

PREACHER STABS STEP-SON.

Alton, Ill., Jan. 13.—The Rev. Mr. Gliding last night stabbed to death his stepson, Harry Highfield, and was himself perhaps fatally injured, sustaining two fractured ribs, besides internal injuries. The affair took place three miles east of Shipman, Ills. The tragedy was the culmination of a feud of long standing between the father and son, dating from the marriage of the boy's mother five years ago.

REPORT OF SHORTAGE.

Louisville, Ky., Jan. 13.—Former City Treasurer Stuart B. Young's shortage is placed at \$40,520.15 by expert accountants who have been examining the books of the treasurer's office and who have just given to Mayor Grainger a report making 100 typewritten pages. Young committed suicide in November, when news of his shortage was published in a news paper.

TERSE TELEGRAMS

King Oscar opened the Swedish Parliament in person yesterday.

The president's trip to the Charleston exposition will be made Feb. 11.

Business failures in the United States for the week number 20 against 34 last week.

Fifteen girls at Chicago each gave bits of flesh for grafting on the terribly burned face of a girl friend.

Emperor William is personally making all arrangements in Berlin for Prince Henry's American visit.

Gov. Shaw closed his administration as Governor of Iowa by announcing 423 pardons for the last two years.

Lord Kitchener denies emphatically the charges of cruelty to women and children in concentration camps.

The statistics on the growth of the churches in the United States in the year 1901 shows the Catholics led in gains with a total membership now of 4,135,741.

Two negro women at Springfield, Ky., have gone raving crazy since the lynching of Jim Mays last week. They imagine they are being pursued by a mob.

H. St. John Wix, whose extradition to the United States was granted on the charge of embezzling the funds of a bank at Watcom, Wash., sailed for New York from London today.

Orders have been prepared at the War department for the return to the United States of the ninth infantry, which played such a gallant part in the siege of Pekin and has seen so much fighting in the Philippines.

THE POSTS FRAUDS

Continuation of Trial At Havana Attracts General Attention.

TAINT SO, SAYS NEELY

He Joins Rathbone In Turning Against Reeves Regarding Statements Made By The Latter.

Neely Tells the Court His Version of the Surcharged Stamps Incident.

Havana, Jan. 13.—The cross-examination of Estes G. Rathbone, ex-director of posts of Cuba, at yesterday's session of the court which is trying the charges growing out of the Cuban postoffice frauds, brought out no new facts. Counsel for W. H. Reeves, ex-deputy auditor for Cuba, who is also on trial, endeavored to put the responsibility on Rathbone for the neglect on the part of Cuban postmasters to render monthly statements. Rathbone insisted that it was Reeves' duty to report irregularities of this kind.

C. F. W. Neely was called and examined by the fiscal. Neely said that he received his appointment from Washington and that Rathbone had made him chief of finance bureau of the Cuban postoffice department after the organization of the Cuban postal service. He said that when the stamps were burned a certain amount was reserved for collectors, but that he did not know how many, and that after the sales to collectors fell off he gave the surcharged stamps to Senor Moya, a Cuban stamp clerk in the Havana postoffice, instructing him to sell them. He asserted he took the money resulting from these sales and put it in the vault. Neely made no record of these stamps, nor did Moya make out a requisition for them.

In answer to the fiscal's question as to why he had made no such record Neely explained that in so far as the new issue of stamps was concerned records were kept in his office of the denominations sold in order that he might be in a position to know what denominations to order from Washington to replace the stock. As for the matter of balancing the account, the stamps he turned over to Moya had no bearing thereon. Neely said he was charged with the whole amount of the value of the stamps delivered, and that these he must account for either in stamps or money when called upon to do so. For this reason he said it made no difference whether these Moya sales were recorded or not. Instead of the stamps he said he had put the money in the vault. Neely denied having any interest in the Cowan Printing company of Muncie, Ind., and said that he had not received \$3,000 as commission from the lock box company that put in the lock boxes in the Havana postoffice. He explained that this company was the lowest bidder for that work. Neely was confronted with Reeves, who reiterated his statement that Neely gave him \$4,600 before leaving to make the books tally. Neely answered that this was not so and said that he was with an employee of the postoffice at the hour named by Reeves in his statement. At the request of Neely's counsel this employee will be summoned to testify.

Neely said he drew his salary for the coming month before he left Havana for the United States. The defense will contend that this action showed that Neely needed money and under the circumstances would not give Reeves any.

THE STATE OF TRADE

Bradstreet Gives a Concise Summary of the Situation.

New York, Jan. 13.—Bradstreet's weekly review of trade today says: The usual January "thaw" in prices arrived this week and securities, food products, particularly the cereals, pork and dairy products, coffee and sugar among the groceries and copper among the metals, have all weakened and close lower on the week. The causes for this movement have been in many cases technical, and the general trade situation has not, on the whole, been weakened. If anything, in fact, improvement may be expected to follow, a striking example of this being in the cereals. High prices had killed off export trade, but this seems to have revived this week on the decline. In distributive trade the situation has certainly improved. A larger spring business has been done in cotton and woolen goods. Advances from the West are of an enlarged spring jobbing business, and collections remain satisfactory. Northwest advices are particularly good, agricultural implements and dry goods being ordered and shipped in large volume. Trade in the Southwest continues satisfactory, but the lack of needed moisture for the winter wheat crop is a disturbing element, tending to dull the edge of trade.

Bank Cashier Missing.

Fulton, Mo., Jan. 13.—The Commercial bank of Fulton was closed yesterday by George B. Carstarphen, chief of the state banking department.

Philip S. Adams, cashier of the bank, left Fulton Monday afternoon, ostensibly for St. Louis with \$4,500 in gold and currency to be deposited in the Franklin bank. His whereabouts are unknown.

It Created Excitement.

Danville, Ills., Jan. 13.—The Fuel Oil company shot its first well east of here yesterday. The well proved to be a gusher and much excitement prevailed.

MCKINLEY SUNDAY

It Will Be Generally Observed In Indiana Tomorrow—Capital Notes.

Indianapolis, Jan. 13.—McKinley Sunday will be observed throughout the state tomorrow by the Protestant churches. The Catholic and Jewish churches in many places will likewise take notice. Memorial ceremonies will be held and contributions made to the national monument fund. Some time ago the Indiana auxiliary to the national association designated Jan. 19 as the day on which the churches should donate, and W. C. VanArsdol of this city, who has charge of the movement among the churches of the state said today that the day promises to be generally observed. It is expected that several thousand dollars will be raised through the churches, as Mr. VanArsdol recently addressed a letter to every pastor, Sunday school superintendent and president of young people's societies urging them to co-operate, and they have already manifested much interest. No attempt will be made to raise funds through the school children, as Harrison Day netted less than \$1,800 for the Harrison monument. The McKinley committee, which is headed by Governor Durbin and Senator Fairbanks in this state, hopes to raise \$30,000 soon among Indians.

It was learned today that the Spanish-American war veterans have decided to call off their national encampment which was to have been held here. They will also refuse to participate as an organization in the dedication of the soldiers' monument in May. It is said the reason for this action is the recent refusal of Gov. Durbin to appoint a Spanish-American warrior on the board of control of the monument. Considerable ill-feeling exists among the young soldiers over the governor's action. The latter in refusing to give them a place in the management said the time was not far distant when they could have entire control, as the civil war veterans are rapidly passing away. The Spanish-American boys had a smoker here last night. Russell Harrison, son of the late ex-president, is prominent in their ranks here.

It was the understanding here today that the appointment of Judge Francis E. Baker to the United States circuit court bench will be sent to the United States senate for confirmation some time next week. Inasmuch as the labor organizations have withdrawn their objections it is expected that he will be confirmed without delay. Judge John H. Baker, his father, will probably announce his retirement from the federal bench as soon as the latter part of March, but his successor may not be named until next fall.

E. H. Nebeker of Covington, who has grown old in state politics, and Nathan Powell of Madison, who is just a beginner, were here today. Nebeker has been over in the Fifth district, and he intimated that Barcus of Terre Haute has a number of surprises up his sleeve that will startle the politicians who think he is already beaten in his race with Holliday for the nomination for congress. Powell of Madison ran for congress on the Republican ticket in the Fourth last campaign, but he will not try it again, as the district is too strongly Democratic.

The Republican leaders are already beginning to gather here for the reorganization of their state committee the first of the week. A number came in this afternoon and registered at the Columbia club. Union B. Hunt, secretary of state, said today that a number of Winchester stalwarts are coming Monday to work for "Jim" Goodrich or chairman, even though the election of Goodrich is conceded.

Mine Loses Much Ore.

Victor, Col., Jan. 13.—Manager Shipman of the Independence mine states that about \$4,000 worth of ore had been stolen by ore pickers from the mine during the past eight months, about \$5,000 every month since the trouble between the miners and management on account of the "strip to the skin" order issued early last summer. Manager Shipman estimates that the stealings before this now famous order was issued amounted to between \$20,000 and \$30,000 a month ever since the mine was sold by Mr. Stratton to the English corporation.

Favor Subsidy Bill.

Washington, Jan. 13.—The senate commerce committee yesterday authorized a favorable report on Senator Frye's ship subsidy bill. The report will be made by Senator Frye. The Democratic members of the committee voted against reporting the bill. They also voted solidly for a motion offered by Senator Mallory to strike out the general subsidy provision of the bill. The committee made several amendments to the bill.

A Welcome Letter.

Fort Wayne, Ind., Jan. 13.—Prof. Christian Streicher, principal of St. Paul's Lutheran schools in this city, has received a letter from his only brother, Andrew, who is in Germany, and whom he supposed died 34 years ago. The letter received yesterday says that Andrew came into a large estate from their parents, which he will now divide with Prof. Streicher.

Will Probably Die.

Marion, Ind., Jan. 13.—Edward Stephens, a saloon keeper, who was shot by William Dugan, another saloon keeper, in a local resort Wednesday night, will probably die. Dugan also badly injured an oil worker, William Jeffries, who was with Stephens, by hitting him with his fists.

ROYAL BAKING POWDER

Imparts that peculiar lightness, sweetness, and flavor noticed in the finest cake, short cake, biscuit, rolls, crusts, etc., which expert pastry cooks declare is unobtainable by the use of any other leavening agent.

Pure, healthful, highest in strength.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

ADMITS PERJURY

Crossing Watchman's Horrid Plan to Shield Himself and Company.

VALPARAISO SENSATION

Frank Sprencil Who Testified That Three Young Men Killed Davidson Now Says He Lied.

Tried to Fasten Crime On Others to Shield Himself From Charge of Negligence.

Valparaiso, Ind., Jan. 13.—A sensation was created here yesterday over recalling of the grand jury to investigate the story of Frank Sprencil, chief witness in the supposed Davidson murder case.

Davidson's dead body was found on Dec. 20 near the Napoleon street crossing in this city on the Pennsylvania road, where Sprencil was employed as night watchman. After four days' inquiry by the coroner Sprencil came forward and told that he saw Roy Sowards, Michael Curtin and Bob Fleming dragging the body of the dead man about the vicinity. Later the three boys were indicted by the grand jury for murder.

Sprencil yesterday confessed to the grand jury that his testimony previously given was false and that the man was killed by a train. He says he thought he would be charged with negligence by the railroad company, and after finding the body he dragged it across the tracks to where it was found to make it appear that the man was killed by a yard engine. After the boys had been arrested on suspicion of having killed the man he, knowing that on the night previous they had had a fight with Davidson in a saloon and also on the street, concocted the story to protect himself and the railroad company.

A NEW GRAFT

Winchester Grain Dealers Have An Experience With Swindler.

Winchester, Ind., Jan. 13.—A stranger who gives his name as Castle and says his home is in Ohio, was arrested while trying to get out of town and is being held, charged with swindling grain dealers. He called at J. E. Hinshaw's residence and said that his name was William Jones, that he lived six miles north of town and had hauled 200 bushels of corn to Hinshaw's elevator. He wanted \$15 advanced for the payment of small bills. He got the money, but becoming suspicious Hinshaw put the officers on his track. They soon found that he was canvassing the homes of all grain dealers with success.

A Crowded Court Room.

Delph, Ind., Jan. 13.—The Carroll circuit court has been playing to crowded houses this week, the case being that of the state vs. Jos. Wolfe, charged with attempted murder of Oliver Ginter. Both men were prominent and well known farmers and this accounts for the large attendance in court. Wolfe admitted shooting Ginter, but pleaded self-defense. Ginter is broken in health and his hair has turned white since the tragedy.

A Misguided Girl.

Muncie, Ind., Jan. 13.—At midnight Miss Edna Cook committed suicide at the Commercial hotel where she had rented a room for the purpose. She left a note saying that she could not live without Charley Pittser, the man who shot his young bride to death last Tuesday. Pittser a month ago tried to shoot this girl at a dance at Yorktown. Marshal Leonard prevented the murder. Miss Cook tried to see Pittser in jail last night.

Will Probably Die.

Marion, Ind., Jan. 13.—Edward Stephens, a saloon keeper, who was shot by William Dugan, another saloon keeper, in a local resort Wednesday night, will probably die. Dugan also badly injured an oil worker, William Jeffries, who was with Stephens, by hitting him with his fists.

PEACE TALK

Amsterdam Sounds London Regarding the Situation.

Amsterdam, Jan. 13.—According to trustworthy information Dr. Kuyper, the Dutch premier, recently intimated to the Boer delegates the desirability in view of Lord Rosebery's speech at Chesterfield, of their giving some intimation to the British government of the basis upon which they would entertain peace negotiations. Dr. Kuyper pointed out the improbability of any of the great powers intervening in South Africa in the near future, and suggested that he be allowed informally to sound his friends in London in the hope of a semi-official response. The Dutch premier accordingly met Abraham Fischer, the leader of the Boer delegates, and others at Brussels, where a long conference was held, after which Dr. Kuyper proceeded to London. The result of his visit, if any has been attained is not yet known. It is understood that Dr. Kuyper distinctly assured the Boers that Holland, under no circumstances, would act as an intermediary.

Democratic Policies Defined.

Washington, Jan. 13.—The special committee of Democratic representatives appointed at the last caucus to consider numerous resolutions defining party policy held an extended session yesterday with a view to framing a report for presentation to another caucus. Representative Henry of Texas proposed a resolution declaring that it was beyond the province of a Democratic caucus to define policies in contravention of a national platform, and that the policy defined by a national convention was binding until the next convention was held.

New Mexico's Plan.

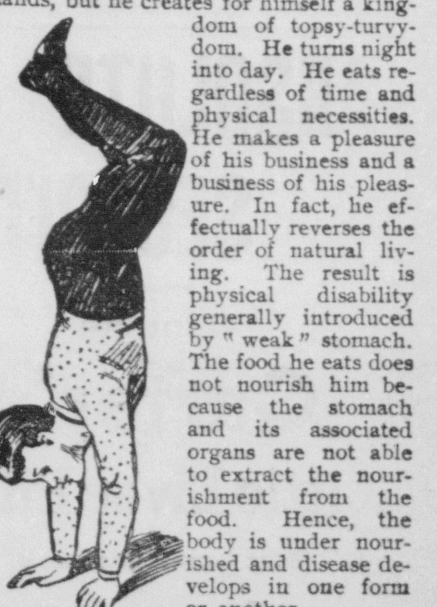

Washington, Jan. 13.—At a special meeting of the house committee on territories yesterday hearing was given to a committee of prominent non-partisan citizens of New Mexico appointed by the governor of the territory to appear in behalf of statehood. B. S. Rodey, territorial delegate, made the opening argument. Asked if President Roosevelt favored admission, he said the delegation had three letters from him stating he would do all he could to secure statehood for New Mexico.

Child Burned to Death.

Nashville, Jan. 13.—Cora Dherrell, six years old, daughter of Isaac Dherrell, near this place, was burned to death by her clothing catching fire.

Topsy-turvy.

That's a favorite attitude of the small boy. And in this again "the child is the father of the man." The man does not essay to walk through life on his hands, but he creates for himself a kingdom of topsy-turvy.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures through the stomach diseases which originate in a diseased condition of the stomach and its allied organs. Hence, it cures "weak" lungs, "weak" heart, "weak" nerves and other forms of so-called weakness.

DAILY.

One Year \$5.00
Six Months \$3.00
Three Months \$1.50
One Month .45
One Week .15

WEEKLY.

One Year in Advance \$1.00

Entered at the Seymour, Indiana Postoffice as Second-class Matter.

SATURDAY JAN. 18, 1902.

CROKER has abdicated and Tammany has a new leader. Tammany has resolved to be good for awhile.

SENATOR BEVERIDGE has been invited to speak at the Ohio Republican League banquet at Springfield February 12.

ONE day we read that the opening of the St. Louis Exposition is to be postponed and the next day we read a denial. The truth should be known soon.

JUDGE NEW says in an interview that he is still at work making up his mind about running for congress. He thinks he will come to a conclusion in about two weeks.

IN THE county delinquent tax list there are many names that are familiar to those who have been looking over this list yearly. The list would seem incomplete if by chance some of these names that have been repeated from year to year should be omitted.

ALREADY there is a quartette of democrats in the race for recorder of Jackson county and not all have been heard from. Henry Bruning wants to succeed himself. Elisha Sewell and Clint Bowers want to succeed him. Then Mack Isaacs, who calls himself a "hummer," has recovered from a race of sixteen years ago, and would like to try it again. And since there is already in the court house he ought to have a little advantage in the start. This race will be lively. May the best man win.

NOW what do you think of Charley Towne, who strayed from the republican fold into the turbulent camp of the populists, becoming a Wall street banker and broker? The fact is after the campaign last year he ceased to berate the gold standard and began speculating in the Texas oil field. He is said to have made a million dollars there and with that little start Chas. A. Towne & Co., bankers and brokers, will begin business in Wall street soon.

POLITICAL GOSSIP.

Hon. Marcus R. Sulzer, of Madison, is spoken of as a probable candidate for representative in Jefferson county. Should he be chosen Jefferson county would be well represented, for Mr. Sulzer is a man of splendid ability. He would at once take first rank in the state legislature. His past experience in the legislature, his broad acquaintance and high standing would at once make him a valuable member of the state's law making body. Mr. Sulzer's many friends in Jackson county would like to see Jefferson county send him to the legislature.

Mayor David V. Johnson, of Bedford, is a republican candidate for congress in the Second district. He is a hustler and would make a good race. He is a member of the stone masons union and is very popular with the quarrymen and the coal miners throughout the district. He is a clever gentleman and would represent the second district well in congress.

G. O. Salmon, of Kent, came here this morning to visit friends.

Mrs. M. A. St. John went to Indianapolis today to visit relatives.

Mrs. W. E. Lockman went to Indianapolis today to visit friends.

Mrs. G. A. Jones went to Indianapolis today to visit relatives.

Max McMullen and wife went to New Albany this morning to visit friends.

John Loranoe, of Acme, was here today and made the REPUBLICAN pleasant call.

Fred Vondelingen went to Vallonia today to visit his daughter, Mrs. Henry Holley.

Will Coy is home again from Indianapolis from a visit to his sister, Mrs. Anna Bolt.

Mrs. Will Abbott and children are here from Cincinnati visiting her father-in-law, W. H. Abbott.

Mrs. W. E. Hare left today for northern Ohio to join her husband who is working near Cleveland. He formerly worked for the B. & O. S. V.

Grandma Goss, near Medora, is dangerously sick of pneumonia.

Two Faults.

"You hunt too much," said Louis XV. to the archbishop of Narbonne. "How can you prohibit your curates from hunting if you pass your life in setting them such an example?"

"Sire," said Dillon, "for my curates the chase is a fault; for myself it is the fault of my ancestors."

A Philosopher.

"Pa, what is a philosopher?"

"A philosopher, Jimmy, is a man who thinks he has got through being a fool."—Motherhood.

Feinting.

The direct cause of fainting is a diminished circulation of blood through the brain. To revive a person who has fainted it is necessary, therefore, to alter this condition as quickly as possible. In order to do this the individual should be laid quite flat, the head on a level with the body, so that the feebly acting heart will not have to propel the blood upward. The neck and chest should be exposed, fresh air admitted freely, water sprinkled on the face and stimulating vapors, such as ammonia, held at intervals to the nostrils. When there is difficulty in restoring animation, friction over the region of the heart with the hand or a rough cloth should be applied vigorously.

Exemplifying an Adage.

"Yes," said the old conductor, "I have followed the railroad about all my life. I wasn't exactly born on a train, but I was married on one at the rate of forty-five miles an hour."

"That was a good deal like marrying in haste."

"It was. And we got tired of each other while we were making the return trip on a freight train."

"That was a good deal like repeating at leisure."—Chicago Tribune.

TWIN BROTHERS

Look So Much Alike That One Can Be Substituted for the Other.

Living at Scipio, Jennings county, are two brothers, who are twins, so much alike that one cannot be told from the other.

They are Daniel and William Hutchings, who were born in Tennessee, 53 years ago. They moved to Jennings county when they were but 18 years old, and ever since the people of that county have had a hard time telling one from the other. When they were in their twenties their nearest friends could not tell them apart, and strangers cannot now.

At one time Daniel was paying court to a young lady. He was unable to fill his engagement one night and substituted William without her being any the wiser.

A few years ago Daniel applied for admission to the Masonic lodge, but was refused admittance unless his brother William would join also, as the members were afraid they might get hold of the wrong one by mistake, or that he might be seized with a desire to delve into the mysteries and they would be unable to prevent him. They did not question his honesty, but preferred not to make two Masons without the pleasure of two initiations. Both joined the order.

Both of the Hutchings are well-to-do farmers and are well known.

Former Rockford Citizen.

James Greer, who was a well known resident of Jackson county, is now a resident of Tacoma, Washington, and through M. D. Henry, of the same city has had the REPUBLICAN sent to his address. James Greer lived at Rockford and in 1881 went to the wilds of Oregon. There he had numerous Indian fights which he hopes some time to relate in detail to his old friends in Jackson county. For several years in Oregon he was engaged in raising hops. He served on the police force and detective force of Astoria, Oregon. In 1891 he moved to Tacoma, Washington, a new town in a new state. Tacoma is now a city of over 50,000 people.

The health of Mr. Greer has not been very good recently. He is getting rather feeble and his eyes are growing dim. He is a pensioner and has been for some years.

His daughters, Misses Minnie and Pearl Greer, have kept house for him since the death of their mother, Jan. 23, 1899. Mrs. Greer was Miss Caro. line Henry, and was reared on the old Patrick Henry farm, now known as Bobtown. Mr. Greer has one son, John Stephen Greer, one of the strongest men on the Pacific coast. Many people in Seymour and Jackson county will remember James Greer.

Mrs. G. E. Lockman went to Indianapolis today to visit friends.

Mrs. G. A. Jones went to Indianapolis today to visit relatives.

Max McMullen and wife went to New Albany this morning to visit friends.

John Loranoe, of Acme, was here today and made the REPUBLICAN pleasant call.

Fred Vondelingen went to Vallonia today to visit his daughter, Mrs. Henry Holley.

Will Coy is home again from Indianapolis from a visit to his sister, Mrs. Anna Bolt.

Mrs. Will Abbott and children are here from Cincinnati visiting her father-in-law, W. H. Abbott.

Mrs. W. E. Hare left today for northern Ohio to join her husband who is working near Cleveland. He formerly worked for the B. & O. S. V.

Grandma Goss, near Medora, is dangerously sick of pneumonia.

Two Faults.

"You hunt too much," said Louis XV. to the archbishop of Narbonne. "How can you prohibit your curates from hunting if you pass your life in setting them such an example?"

"Sire," said Dillon, "for my curates the chase is a fault; for myself it is the fault of my ancestors."

A Philosopher.

"Pa, what is a philosopher?"

"A philosopher, Jimmy, is a man who thinks he has got through being a fool."—Motherhood.

Feinting.

The direct cause of fainting is a diminished circulation of blood through the brain. To revive a person who has fainted it is necessary, therefore, to alter this condition as quickly as possible. In order to do this the individual should be laid quite flat, the head on a level with the body, so that the feebly acting heart will not have to propel the blood upward. The neck and chest should be exposed, fresh air admitted freely, water sprinkled on the face and stimulating vapors, such as ammonia, held at intervals to the nostrils. When there is difficulty in restoring animation, friction over the region of the heart with the hand or a rough cloth should be applied vigorously.

Exemplifying an Adage.

"Yes," said the old conductor, "I have followed the railroad about all my life. I wasn't exactly born on a train, but I was married on one at the rate of forty-five miles an hour."

"That was a good deal like marrying in haste."

"It was. And we got tired of each other while we were making the return trip on a freight train."

"That was a good deal like repeating at leisure."—Chicago Tribune.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and

wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y.

The regular fifty cent and dollar sizes are sold by all good druggists.

Erroneous Statement.

Some of the Columbus newspapers published a statement a few days ago that the late Archibald F. Thompson had misrepresented his property to the assessor. But recent investigation proved this statement untrue and corrections were made. The members of the family were indignant because such reports were published. The Columbus Herald says, "The difference between the appraisal of personal property and assessment is accumulation of property since. Not only was Mr. Thompson a most honorable man himself, but his heirs are likewise honorable and of the strictest integrity."

The Columbus Times says:

"The heirs of the Thompson estate and Assessor Dean settled the differences in the inventory and tax schedule of the property of the late A. F. Thompson yesterday. Under the agreement between the heirs and Assessor Dean, the settlement made by Mr. Thompson, just prior to his death stands, the interest of the county having been fully protected."

While the inventory bond filed by the appraisers of the estate, and the tax schedule, did not correspond, it was satisfactorily explained by the fact that many of the notes listed in the inventory and not in the schedule were made since the first of April. Other items not scheduled were accounts, sale of grain harvested since tax paying time, and accrued interest on the estate."

Let us speak of man as we find him, And censure only what we can see. Remembering that no one can be perfect, Unless he uses Rocky Mountain Tea. Ask your druggist.

Mrs. M. A. Greer and Conductor M. C. Whitcomb and wife and daughter, Miss Amy, went to North Vernon this morning to attend the funeral of a relative.

Two million Americans suffer the torturings of dyspepsia. No need to. Burdock Blood Bitters cures. At any drug store.

Two portable school houses are being erected at Indianapolis, at a cost of about \$1,000 each. They are to be used in the suburbs, where school facilities are inadequate.

What to Read.

Read the good old books that have lived and held their own by the vitality of matter and style that makes them standards. Don't read a lot of new books about the Bible. Read the Bible, and then you will understand what you may afterward read about the Bible. Read Shakespeare, not controversies on Shakespeare; read Scott and Thackeray and Dickens and George Eliot. Do not be content with a short history of literature that tells you their best works and makes a few disconnected extracts and tells you their standing and what you should think of them.

Read intelligently and with interest, and every book you read will guide you to the next that is good for you personally far better than a strange mentor can do, who is often full of theories and prejudices or perhaps has got up a course of study as a "pot boiler" and has no real love of his subject.

DAILY MARKET REPORT

Prevailing Prices for Grain, Provisions and Livestock on Jan. 17.

Liquid Electricity is the best all-around medicine for both external and internal use in the market as a great many Seymour people will testify. It is now sold by Theo. Pellens, 14 N. Chestnut street. Call and get a bottle of it at once. j15d.

Indiana Rural Routes.

To date there have been 1,009 applications filed for rural mail delivery in Indiana, and 470 of them have been acted on favorably. The state has one twelfth of all the routes established in the United States, and the officials expect to raise the number of routes from the present mark to at least 2,000 within the next two years, making a network which will completely cover the state. The chief of the department says that from now until next August new routes will be established at the rate of 400 a month, of which Indiana will secure about 35 monthly.

It is thought the carriers will be placed in the civil service list shortly, making the jobs dependent upon good behavior and competency.

If you believe what you read about Rocky Mountain Tea, see that you get the genuine, made only by the Madison Medicine Co. 35c, no more, no less. As your druggist.

Reliable Grocer.

On the corner of Poplar and Bruce streets you will find the old reliable grocer, J. B. Keith, who has been in the grocery business for fourteen years. He has built up his trade by dealing honestly with his customers. His weights and measurements and first class goods are what make for him a good trade. No cheap, shoddy stuff sold at his store. First class goods or none. Store, corner of Poplar and Bruce streets. Phone 16. j17d.

Quail Question.

There is a movement among the farmers of the Southern part of the state in the direction of procuring the enactment of a law by the next legislature to prevent the killing of quail for a period of five years. They claim that the protection of the game demands that they be protected from the sportsmen for at least that length of time.

Venued to Jackson.

The case of the state of Indiana vs. Henry Huddleson, for murder, has been venued from Washington county to Jackson. Huddleson is under indictment for the murder of James McKinney on the 26th day of last July.

If you want the best thing on earth to relieve pains of any nature go to Theo. Pellens and get a 50-cent bottle of Liquid Electricity. He is the sole agent for it in Seymour. j15d

Harry Coryell, agent of the J. M. & I. at Jeffersonville, and his wife went to Sparksville today to visit her father.

"A King's Rival" Tonight.

Mr. John Griffith, who comes to the opera house tonight, has found in "A King's Rival" a vehicle in which he can easily convince his admirers that he is as much a master of high comedy as that of tragic roles.

It has always been his ambition to appear in a stellar part where the light and shade reaches from high comedy to the deepest pathos. In "A King's Rival" he has attained his heart's desire as his audience is moved from laughter to tears as the play progresses. "A King's Rival" is rich in scenic environments, the true Castilian atmosphere prevailing throughout the action of the play. A clever company is engaged in Mr. Griffith's support, including the popular leading actress, Miss Kathryn Purnell.

Special Services.

The Presbyterian church will begin a series of special services next Sabbath. In the morning the pastor will preach on the subject, "The First Revival and its Lessons," and in the evening, the subject will be "Believe." During the week the pastor will be assisted by the Rev. A. M. Irvine, of Bedford. Services at 7:30. Come.

DIED.

REDMAN.—Charles Redman, east of Crothersville, died Friday of paralysis.

BURRELL.—Mrs. John M. Burrell, of Brownstown, died Saturday morning, January 18, aged 45 years.

Library Committee.

The school board has appointed the following committee to select a list of books to be purchased for the city library in the near future: Mrs. M. C. Carpenter, Mrs. Allen Swope, Mrs. J. M. Shields, Elder M. E. Dutt and F. W. Wesner. The committee is to be ready to report by February.

The Masonic lodge will meet in regular session next Monday evening. There will be work in the first, second and probably third degree.

Mrs. C. H. Wilford is here from Greenburg.

Mrs. G. M. Shuttles, of Shelbyville, came here today to visit relatives.

B. F. Chandler and wife, of Louisville, came here today to visit friends.

Miss Gertrude Gardner, of Indianapolis, is here visiting Mrs. A. J. Hough.

M. R. Lindell and sister are here from Indianapolis visiting relatives.

PERUNA PROTECTS THE FAMILY.

Coughs and Colds. Grip and Catarrh.

The Roberts Family, of Falls City, Neb., Are Healthy and Happy—A Rare Sight in These Days. They Say, "We Think Peruna Is The Greatest Medicine On Earth."

No man is better known in the state of Nebraska than Mr. Carl T. Roberts, contractor and mason. A typical American—active, shrewd and full of business sagacity. He is not only a provider for his family, but a protector. In a recent letter to Dr. Hartman he writes, among other things, as follows: "Our boy, James, had the membranous croup, and after he recovered he was subject to repeated attacks of lung fever. Our boy, Charlie, was also subject to attacks of pneumonia and pleurisy. Our third boy, John, was subject to fever and ague (malaria) and liver trouble. Your remedy, Peruna, cured my boys entirely, and now I have three of the healthiest boys in the state of Nebraska, which I attribute to your medicine. My wife had stomach trouble which Peruna

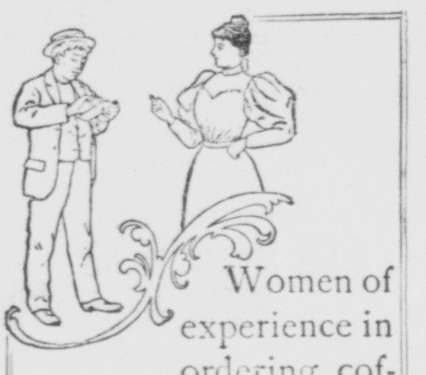

also cured. Altogether for my whole family we have used nineteen bottles of Peruna, and have thus saved \$300 in doctors' bills. I am a contractor and mason by trade, and am known all over Nebraska. I have had a stomach trouble which has been greatly relieved by your remedy, Peruna, for which I am still taking it. We think it is the greatest medicine on earth."—C. T. Roberts, Falls City, Nebraska.

Mr. T. G. Walker, Carneiro, Kansas, writes: "It is with pleasure that I report that I am better than I have been for many years. I believe Peruna is without a doubt the best medicine that was ever used in a family. It has cured my nervousness, with which I had been afflicted for a great number of years." It is a fact of ever-increasing astonish-

ment that so many otherwise sensible and provident people will, for the neglect of so simple a precaution as to have a bottle of Peruna at hand, bring upon themselves the needless suffering and foolish expense that a practitioner of medicine is forced to witness every day.

As soon as the value of Peruna is fully appreciated by every household, both as a preventive and cure of these affections, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of disease prevented. Peruna is a household safeguard.

A complete work on chronic catarrh sent free to any address by The Peruna Medicine Co., Columbus, Ohio.

Women of experience in ordering coffee from their grocer are careful to specify Chase & Sanborn's Seal Brand Coffee, which comes in pound and two-pound tins cans, knowing that satisfaction accompanies every can.

Thousands of refined people who know and appreciate good coffee endorse this famous brand. The signature and the seal of these well-known importers guarantee its excellence.

The Model Grocery AGENT.

EXPOSURE
to the cold and wet is the first step to Pneumonia. Take a dose of PERRY DAVIS' **Painkiller** and the danger can be averted. It has no equal as a preventive and cure for Colds, Sore Throat, Quinsy and Rheumatism. Always keep it handy.

Beauty is Health.

Walnut Lake, Ark., June 8, 1900.
I thank you for the benefit I received from your advice and the Wine of Cardui I took in my terrible condition. My life was no pleasure to me and I was of no use to anybody. After receiving your advice and medicine I commenced taking it and began immediately to improve. The pains left me and the menses, which came at the correct time, continued three days. I have gained strength and my weight has increased. My husband says the medicine has made me better looking than ever before.
Mrs. LIZZIE MANNELL.

Womanly health means bright eyes, rosy cheeks, clear complexion and elasticity of form. This is the youth unmeasured by years—the beauty of perfect womanhood. Beautiful women are happier and get more out of life than their sisters whose faces indicate suffering. Wine of Cardui made Mrs. Mannell "better looking" and infinitely happier because it cured her of those terrible pains. But she is no exception.

WINE OF CARDUI

Is giving thousands of women health, beauty and freedom from the dragging pains which made their lives so miserable. Wan faces, haggard eyes and emaciated forms are the results of suffering. What suffering can compare with the torture of irregular menstruation, leucorrhoea and falling of the womb? Beauty flees quickly before the ravages of such disease. The sharp pains of falling of the womb deepen the crow tracks in the face. Menstrual irregularities rob the eye of its fire and the complexion of its transparency. Leucorrhoea drains the body of its strength, but Wine of Cardui restores the natural beauty, brightens the eye, clears the complexion, rounds out the figure and brings back the vigor of health. Every drugstore in this city handles \$1.00 bottles of Wine of Cardui.

Children's Health.
Children should be taught to be regular at their meals and to take nothing between meals. This rule applies to infants as well as to older children. The practice of feeding the little one every time it cries is a most serious injury to its weak digestive organs. An infant's stomach, though it needs food at more frequent intervals—two to four hours, according to its age—requires the same regularity which is essential to the maintenance of healthy digestion in older persons. The irregularity usually practiced is undoubtedly one of the greatest causes of the fearful mortality of infants from disorders of the digestive organs, as appears in our mortuary reports.

German Labor Conditions.
Berlin, Jan. 18.—Replying to an interpellation in the reichstag yesterday, Count Von Posadowsky-Wehner, secretary of state for the interior, said that the best statistics available showed that there were not more than 7,500 unemployed in Berlin, their number having been kept down by the efforts of the various federal departments to provide them with work wherever this was possible.

He Left No Message.
Miami, Fla., Jan. 18.—Finlay Gray, a prominent tourist, who was spending the winter in this city, shot himself with a revolver yesterday, killing himself instantly. He was in his room alone at the time of the shooting. He left no message. His body was prepared for burial and shipped to Quincy, Ind., his former home.

Death Interrupts Conversation.
Daleville, Ind., Jan. 18.—Robert Wignor, aged 73 years, died while sitting in a chair at the home of his brother, Rome Wignor. The two were arranging to take a journey together. His brother talked to him 15 minutes before discovering that he was dead.

Midland Cars Going.
Muncie, Ind., Jan. 18.—The recent strike on the Chicago and Southeastern railroad, the Midland, has been settled, and some freight trains are running. The strike delayed a large number of coal orders that were depended upon by some of the gas belt factories.

Dismissal Demanded.
Logansport, Ind., Jan. 18.—The grand jury has investigated the county infirmary this week, and recommended the dismissal of Dr. O'Leary, county physician, alleging neglect of duty. Dr. O'Leary demands a trial, and says the charges are groundless.

Marvelous Elixir of Life Discovered by
Famous Doctor-Scientist that
Cures Every Known Ailment.

Wonderful Cures Are Effected That
Seem Like Miracles Performed
—The Secret of Long Life
of Olden Times Revived.

The Remedy Is Free to All Who Send
Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, Baltes Block, Fort Wayne, Indiana, makes the startling announcement that he has

DR. JAMES WILLIAM KIDD.

surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim, and the remarkable cures that he is daily effecting seem to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try this remarkable "Elixir of Life," as he calls it, for he sends it free to any one who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

TOLD IN SEYMOUR.

It's the Evidence of Seymour People
Published in Seymour Papers
that Has Made Such a Reputation for Dr. A. W.
Chase's Nerve Pills.

Standing clear and distinct, marking the difference, the superior merit, the adaptability to present day ailments is the volume of local testimony for Dr. A. W. Chase's Nerve Pills. It is so different to the ordinary remedies referring to cures made at distant points which it is hard to verify. There is a reason for Dr. A. W. Chase's Nerve Pills commanding home evidence wherever they are known. It is their wonderful influence in bringing up to the standard of Nerve force. Mr. Phillip Briner, of No. 572 Pine street, south, Seymour, Ind., says: "I have been troubled for some time with severe nervousness and dizziness. I heard of Dr. A. W. Chase's Nerve Pills and got a box at A. J. Pellen's drug store. Now after using them I can say my nervous system has been toned up and as a result I am relieved of the dizziness. I consider these pills an excellent nerve medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50c. a box. Dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

The Supreme court has rendered a decision that an employer can not by any contract he may make with his workman relieve himself from duties and liabilities the law expressly imposes. The opinion in this case was written by Judge Francis E. Baker.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Pendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by C. W. Milhous.

Cabinets and Cabinet Making.

The gradual reconstruction of Mr. Roosevelt's Cabinet lends a direct and timely interest to an article which the Hon. Chas. Emory Smith has just written for The Saturday Evening Post, of Philadelphia.

Cabinets and Cabinet-Making tells how Presidents choose their official advisers; how nice political considerations influence their choice and reduce to lowest terms the number of available candidates.

One of the most important conclusions reached by Mr. Smith is that most Presidents have followed one of two methods in forming their official families: that of Mr. Lincoln and his predecessors, who surrounded themselves with party leaders and former Presidential candidates, and that of Mr. McKinley, who appointed strong, broad-gauged men, regardless of previous political prominence.

This article will appear in an early issue of The Saturday Evening Post.

WIND LYRICS.

East wind—
Through gates of pearl, with sapphire air,
I steal at dawn to fly, while yet
The clouds with silver dew are wet,
On wings that brush the morning star
Of song afar.

North wind—
I am fields of frozen stars I blow,
I bear the fragile flowers of snow
That fall upon the earth below,
With pure celestial lips to bless
In soft caress.

South wind—
On wings of perfume, born of spring,
Sweet memories of the south I bring;
From birds and blossoms pink that flag
To leafy vines that gleam in an ecstasy
Of melody.

West wind—
Back through the gates of gold and rose,
Where late the star of evening glows,
I slip, before the evening's close,
On pinions woven of a sigh,
Into the night I seem to die,
But, hush! The night will soon pass by
Before the lark, when morning breaks,
The east wind wakes.

—Carrie L. Ward in Danals

MAGNET FOR FARMERS.

Great Display in the Division of Agriculture at Exposition.

The prominent display in the Division of Agriculture at the Pan-American Exposition will be the magnet that will attract progressive farmers. Here they can learn what their brother farmers are doing to lighten labor and improve the products of the fields. The exhibit will embrace all phases of agricultural work, showing the advantages of different processes and methods of work and the products of the garden and field in their great variety under all sorts of conditions. Under their proper classifications will be shown methods of fertilization, farm management and processes, experiments with various crops in different soils, climate, etc.; reports from different states and provinces showing the aggregate of crops and products of all kinds; exhibits of all products of the farm and garden. This will be a splendid school of instruction for the farmer.

Secrets of Coffee Making.

Experiment has disclosed the fact that one-fourth of a teaspoonful of medium strength vanilla added the last thing before serving to enough coffee for four persons improves it 50 per cent. The secret of perfection is to use enough vanilla to cover the strong coffee flavor, yet not enough to be detected.

A pinch of salt in coffee has long been my secret for a certain delicate flavor that every one likes, but I did not know until recently that I had in some mysterious way stumbled upon the modus operandi which has made the coffee of Norway "superb." In that country the coffee is roasted fresh every morning in a covered shovel kept in constant motion over the fire. A bit of salted butter added after the roasting process is begun gives it an indescribable flavor as delightful as it is subtle.

The French, too, have made their reputation for excellent coffee by using butter while roasting it. A piece of butter the size of a walnut, with a dessertspoonful of powdered sugar to three pounds of green coffee, is the proportion used. This is said to bring out both flavor and aroma and, moreover, gives the slight caramel taste which tourists remember to have enjoyed nowhere but in France.—What to Eat.

Women as Doctors.

To go back as far as the end of the thirteenth century, a woman named Protula was professor of the art of healing at the University of Palermo, and an old certificate in the archives of Paris shows that it was a woman who was called upon to prescribe for Louis IX. on his return from the crusade. In the seventeenth century Oliva del Sabuco, a Spanish woman, was considered an excellent doctor, and a hundred years later Anna Manzolini, an Italian, was professor in a medical college in Milan. Two other well known woman doctors were Barbara Weintraub, a German woman, and a Swedish woman named Christine Erxbelen. In these days the United States boasts of more women doctors than any other country. England follows next.

A CASE OF IT.

Many More Like It in Seymour.

The following case is but one of many similar occurring daily in Seymour. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

James Pollard, of Cincinnati Ave., railroad employe, says: "For many years off and on I suffered from lameness across the loins and sharp twinges of pain in my back ever time I made a sudden movement. I could lift nothing of any weight and there was lack of ambition to do anything. At times the pains felt as though some one was plunging a bradawl into me. Any little cold or exposure brought on an attack and caused me acute suffering. I had heard about Doan's Kidney pills and procured them at C. W. Milhous' drug store. They proved just the remedy I needed and soon relieved me of the whole trouble. My kidneys have been regular and normal ever since and I can sleep all night without being disturbed."

For sale by all dealers, price 50c. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

Kodol

Dyspepsia Cure

Some people wonder why pepsin preparations don't help their dyspepsia. They probably suffer because they can't digest foods that pepsin does not affect. The reason is, pepsin digests only nitrogenous foods, while different substances are required to digest the variety of other foods necessary for proper nourishment. Kodol Dyspepsia Cure contains all the digestants, and is capable of completely digesting every kind of food. That is why it digests what you eat and allows you to eat all the variety you want; and that is why it cures indigestion, even after everything else has failed. As it is the only preparation of the kind known, the demand for it has become enormous. Its use affords instant relief from all forms of stomach trouble.

It can't help but do you good
Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/4 times the 50c. size.

When you suffer from biliousness or constipation, use the famous little liver pills known as **DoWitt's Little EARLY RISERS.** They never gripe.
